

# IWA 2014

<b>1. Project name</b>	1st Specialist Conference on Municipal Water Management and Sanitation in Developing Countries: From Toilet to Source-Accelerating Uptake of Sustainable and Integrated Wastewater Management Solutions
<b>2. AIT Lead Faculty</b>	Prof. Thammarat Koottatep
<b>3. Objective</b>	This conference aims to develop an integrated perspective on sanitation solutions in Asia based on the concept "from the toilet to source," which includes consideration of storm-water, sludge, and solid waste management issues.
<b>4. Short Descriptions</b>	The International Water Association (IWA) and the Asian Institute of Technology (AIT) are organizing the conference in collaboration with the Japan Sanitation Consortium, the Wastewater Management Authority (Thailand), and the Faculty of Engineering, Prince of Songkhla University, Thailand. The 50th anniversary of AIT's postgraduate program in Environmental Engineering and Management will also be celebrated at the event.
<b>5. Output/Social Impact</b>	Organizing Conference for Municipal Water Management and Sanitation in Developing Countries
<b>4. Partners</b>	-
<b>5. Donors</b>	International Water Association, Japan Sanitation Consortium, Wastewater Management Authority (Thailand), Faculty of Engineering (Prince Songkhla University, Thailand), & Participants
<b>6. Project Duration</b>	1 March 2014 – 31 December 2016
<b>7. Total grant amount</b>	1,434,745 THB
<b>8. Please specify SDG s to which this project belongs</b>	SDG 6
