## About SERD

SERD has been at the forefront of cultivating highly qualified professionals who lead the global transition toward sustainability. Our postgraduate education, research, and outreach initiatives address various environmental, resource, and development challenges through interdisciplinary Master's and Doctoral programs, innovative research, and capacity-building efforts. Many of our programs are directly aligned with the Sustainable Development Goals (SDGs), ensuring that SERD graduates are equipped to contribute meaningfully to the sustainability agenda regionally and worldwide.

### Why SERD ?

- Truly International and Multi-Cultural Community
- Global Alumni Network
- Excellent Academic Programs
- Sustainable and Innovative Social Impact Research
- A wide range of opportunities
- Outstanding faculty and staff members.
